PAVEMENT REPLACEMENT PROJECTS SCHEDULED FOR PORTIONS OF THE SAN BERNARDINO FREEWAY (I-10) (UPDATE)

MONTEREY PARK - The California Department of Transportation (Caltrans) announces High Occupancy Vehicle (HOV) lane closures on the westbound San Bernardino Freeway (I-10), from the Long Beach Freeway (I-710) to Mission Road, nightly, from 10 p.m. until 4 a.m., September 13, September 14, and September 17 through September 20, weather permitting, for pavement replacement.

Lane and ramp closures are scheduled on the westbound San Bernardino Freeway (I-10), from Atlantic Boulevard to Fremont Avenue for pavement replacement of the regular-use lanes due to excessive wear. Work will take place nightly, weather permitting, September 16 through September 18. At least one lane will remain open to traffic at all times. Replacement of the pavement will lead to a smoother riding, longer lasting surface. The closures are:

Thursday, September 16 until Friday, September 17:

- 10 p.m. until 5 a.m. – Up to three lanes from Atlantic Boulevard to Fremont Avenue.
- 11 p.m. until 5 a.m. – Northbound and southbound Atlantic Boulevard on-ramp.

Friday, September 17 until Saturday, September 18:

- 11 p.m. until 8 a.m. – Up to two lanes from Atlantic Boulevard to Fremont Avenue.
- 10 p.m. until 8 a.m. – Northbound and southbound Atlantic Boulevard on-ramp.

Saturday, September 18 until Sunday, September 19:

- 11 p.m. until 9 a.m. – Up to two lanes from Atlantic Boulevard to Fremont Avenue.
- 10 p.m. until 9 a.m. – Northbound and southbound Atlantic Boulevard on-ramp.

The estimated project completion date for both projects is winter 2004.
